SKILLS

- Quick learner
- Clear communicator
- Proactive
- Team player

OBJECTIVE

To work on architectural design and construction follow-up, contributing functional solutions to the team.

EXPERIENCE

Laura Varejão Arquitetura
Architecture Intern
2026 — present

Construtora De Paula Hammes
Architecture Intern
2024 — 2026

- Site measurement surveys
- Construction documents in AutoCAD
- 3D models in SketchUp
- Spreadsheets and schedules
- Construction follow-up

SELECTED PROJECTS

01 **PUB** INTERIORS · COMMERCIAL · SCRIPT · DESIGN
Making time slow down: low light, wood and reclaimed brick for conversations that last two to five hours.

02 **GREEN ROOF** LANDSCAPE · GREEN ROOF · SCRIPT · DESIGN
Turning the roof into a place to stay: the radial pergola casts shade and organizes decks and planters around the green.

03 **DUO BEDROOM** INTERIORS · JOINERY · WRAPPED · BUILT
Two brothers, one room: joinery solves the space, and the wardrobe behind the door frees up room to study, play and store.

04 **APARTMENTS** HOUSING · INTERIORS · SCRIPT · DESIGN
Functional plans for different families: integrated living, kitchen and dining so every square meter serves life together.

METHOD

SURVEY → MODELING → RENDER → DOCUMENTS → CONSTRUCTION
